**CRESCENT STEEL AND ALLIED PRODUCTS LIMITED** 

## UNCONSOLIDATED FINANCIAL STATEMENTS

**FOR THE YEAR ENDED 30 JUNE 2022** 

## INDEPENDENT AUDITOR'S REPORT

To the members of Crescent Steel and Allied Products Limited Report on the Audit of the Unconsolidated Financial Statements

#### **Opinion**

We have audited the annexed unconsolidated financial statements of Crescent Steel and Allied Products Limited (the Company), which comprise the unconsolidated statement of financial position as at 30 June 2022, and the unconsolidated statement of profit or loss and other comprehensive income, the unconsolidated statement of changes in equity, the unconsolidated statement of cash flows for the year then ended, and notes to the unconsolidated financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, unconsolidated statement of profit or loss and other comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at 30 June 2022 and of the profit and other comprehensive loss, the changes in equity and its cash flows for the year then ended.

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the unconsolidated financial statements of the current period. These matters were addressed in the context of our audit of the unconsolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the Key audit matters:

| S. No. | Key audit matters  | How the matter was addressed in our audit   |
|--------|--|---|
| (i)    | Deferred tax asset   |   |
|        | (Refer notes 4, 6.17 and 21 to the annexed unconsolidated financial statements)  | Our audit procedures, amongst others, included the following:   |
|        | As at 30 June 2022, included in the balance of deferred tax asset (net) are amounts of Rs. 586.168 million and Rs. 286.289 million representing deferred tax asset recognised on account of tax losses and excess of minimum tax over normal tax respectively.  Recognition of deferred tax asset on account of tax losses and minimum tax over normal   | <ul> <li>Obtained understanding of the management's process of preparation of forecast of tax profitability, tax liability and deferred tax calculation;</li> <li>Discussed with the management, the significant assumptions used in preparing the tax profitability forecast and assessed its reasonableness;</li> </ul>   |
|        | tax requires management to estimate the Company's future taxable income and tax liability. This process relies on the assessment of the Company's profitability forecast, which in turn is based on certain assumptions.  As preparing of profitability forecast and assessment of realisability of recognised deferred tax asset requires significant management judgement, we considered this to be a key audit matter.  | <ul> <li>Checked the appropriateness of tax rates applied in view of the local tax legislation;</li> <li>Checked mathematical accuracy of the calculations; and</li> <li>Assessed whether the related disclosures made in the annexed unconsolidated financial statements are in accordance with the accounting and reporting standards as applicable in Pakistan.</li> </ul>   |
| (il)   | Income from an investment  |   |
|        | (Refer note 33 to the unconsolidated financial statements) Income on investments - net includes dividend income amounting to Rs. 1,122.279 million generated from the Company's investment in Altern Energy Limited. This dividend income was a significant component of the Company's profit for the year which drives some of the Company's key performance indicators including earnings per share.  This dividend income being the significant transaction that occurred during the year remained our focus area in the audit, hence a key audit matter. | <ul> <li>Our audit procedures, amongst others, included the following:</li> <li>Recalculated the Company's entitlement for this dividend income from the supporting documents.</li> <li>Agreed the receipt to the bank statement.</li> <li>Assessed whether the related disclosures made in the annexed unconsolidated financial statements are in accordance with the accounting and reporting standards as applicable in Pakistan.</li> </ul> |

## Information Other than the Unconsolidated and Consolidated Financial Statements and Auditor's Reports Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the unconsolidated and consolidated financial statements and our auditor's reports thereon.

Our opinion on the unconsolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the unconsolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the unconsolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management and Board of Directors for the Unconsolidated Financial Statements

Management is responsible for the preparation and fair presentation of the unconsolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of unconsolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the unconsolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the unconsolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these unconsolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the unconsolidated financial statements,
whether due to fraud or error, design and perform audit procedures responsive to those risks, and
obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of
not detecting a material misstatement resulting from fraud is higher than for one resulting from error,
as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of
internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the unconsolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the unconsolidated financial statements, including the disclosures, and whether the unconsolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the unconsolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion:

- (a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- **(b)** the unconsolidated statement of financial position, the unconsolidated statement of profit or loss and other comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- **(c)** investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- (d) no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is Khurshid Hasan.

#### 3. BASIS OF PREPARATION

#### 3.1 Unconsolidated financial statements

These are the unconsolidated financial statements (herein after referred to as the financial statements) of the Company in which investments in subsidiaries and associates are stated at cost. The consolidated financial statements of the Company are prepared and presented separately.

#### 3.2 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards (IFASs) issued by Institute of Chartered Accountants of Pakistan (ICAP) as are notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards or IFASs, the provisions of and directives issued under the Companies Act, 2017 have been followed.

#### 3.3 Basis of measurement

These financial statements have been prepared under the historical cost convention except otherwise stated.

#### 3.4 Functional and presentation currency

These financial statements are presented in Pakistan Rupees which is also the Company's functional currency. The amounts have been rounded to the nearest thousand of Pakistan Rupees.

#### 4. USE OF ESTIMATES, JUDGEMENTS AND ASSUMPTIONS

In preparing these financial statements, management has made judgement, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to estimates are recognized prospectively in the period in which the estimates are revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Information about judgements made in applying accounting policies that have the most significant effects on the amount recognized in the financial statements to the carrying amount of assets, liabilities, assumptions and estimation uncertainties that have a significant risk resulting in a material adjustment in the subsequent years are set forth below:

- Property, plant and equipment (refer note 6.1)
- Intangible assets (refer note 6.2)
- Investment properties (refer note 6.3)
- Investments (refer note 6.4)
- Stores, spares and loose tools and stock-in-trade (refer notes 6.8 and 6.9)

- Employee benefits (refer note 6.12)
- Leases (refer note 6.14)
- Taxation (refer note 6.17)
- Provisions (refer note 6.21)
- Impairment (refer notes 6.1, 6.2, 6.3, 6.4 and 6.22)
- Contingencies (refer note 6.27)

## 5. NEW STANDARDS, AMENDMENTS TO ACCOUNTING AND REPORTING STANDARDS AND NEW INTERPRETATIONS

## 5.1 Amendments to published accounting and reporting standards and interpretations which became effective during the year:

There were certain amendments to the accounting and reporting standards which became mandatory for the Company during the year. However, the amendments did not have any significant impact on the financial reporting of the Company and, therefore, have not been disclosed in these unconsolidated financial statements.

#### 5.2 Amendments to published accounting and reporting standards that are not yet effective:

There are certain amendments to the accounting and reporting standards that will be mandatory for the Company's annual accounting periods beginning on or after 1 July 2022. However, these amendments will not have any significant impact on the financial reporting of the Company and, therefore, have not been disclosed in these unconsolidated financial statements.

#### 6. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies are consistently applied in the preparation of these financial statements and are the same as those applied in earlier periods presented.

#### 6.1 Property, plant and equipment

#### Owned assets

Property, plant and equipment, except freehold land and capital work-in-progress are stated at cost less accumulated depreciation and impairment losses, if any. Freehold land is stated at cost.

Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets include the cost of materials and direct labour, any other cost directly attributable to bring the assets to a working condition for their intended use, the cost of dismantling and removing the items and restoring the site on which they are located and capitalized borrowing costs, if any.

#### Subsequent expenditure

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within that part will flow to the Company and its cost can be measured reliably. The carrying amount of the part so replaced is derecognized. The costs relating to day-to-day servicing of property, plant and equipment are recognized in profit or loss as incurred.

#### Depreciation

Depreciation is charged to profit or loss on a straight line basis at the rates specified in note 16.1 to these financial statements. Depreciation on additions to property, plant and equipment is charged from the month in which an item is acquired or capitalized while no depreciation is charged for the month in which the item is disposed off or retained.

#### For the year ended 30 June 2022

The assets' residual values and useful lives are reviewed at each financial year end and adjusted if appropriate.

#### Disposal

The gain or loss on disposal or retirement of an asset represented by the difference between the sale proceeds and the carrying amount of the asset is recognized as an income or expense in the profit or loss.

#### Right-of-use assets

The Right of use assets is initially measured based on the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received. The ROUA is adjusted for certain remeasurements of the lease liability.

Depreciation is charged on the same basis as used for owned assets.

#### Capital work-in-progress

Capital work in progress is stated at cost less accumulated impairment, if any and consists of expenditure incurred and advances made in respect of tangible and intangible assets during the course of their construction and installation. Transfers are made to relevant assets category as and when assets are available for intended use.

#### **Impairment**

The carrying amount of property, plant and equipment is reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists then the assets recoverable amount is estimated. The recoverable amount is the greater of its value in use and fair value less cost to sell. An impairment is recognized in profit or loss if the carrying amount exceeds its estimated recoverable amount.

#### 6.2 Intangible assets

Intangible assets are stated at cost less accumulated amortization and accumulated impairment losses, if any.

#### Subsequent expenditure

Subsequent expenditure on capitalized intangible assets is capitalized only when it increases the future economic benefits embodied in the specific assets to which it relates. All other expenditure is expensed as incurred.

#### Amortization

Amortization is charged to profit or loss on a straight line basis at the rates specified in note 17 to these financial statements, over the estimated useful lives of intangible assets unless such lives are indefinite. Amortization on additions to intangible assets is charged from the month in which an item is acquired or capitalized while no amortization is charged for the month in which the item is disposed off.

#### Impairment

All intangible assets with an indefinite useful life are systematically tested for impairment at each reporting date. Where the carrying amount of an asset exceeds its estimated recoverable amount it is written down immediately to its recoverable amount. The carrying amount of other intangible assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists than the assets' recoverable amount is estimated. The recoverable amount is the greater of its value in use and fair value less cost to sell. An impairment is recognized if the carrying amount exceeds its estimated recoverable amount.

#### 6.3 Investment properties

Investment property, principally comprising of land and buildings, is held for long term rental yields / capital appreciation. The investment property of the Company comprises of land and buildings and is valued using the cost method i.e. at cost less any accumulated depreciation and impairment losses, if any.

Cost includes expenditure that is directly attributable to the acquisition of the investment property. The cost of self-constructed investment property includes the cost of materials and direct labour, any other costs directly attributable to bringing the investment property to a working condition for their intended use and capitalized borrowing costs, if any.

#### Depreciation

Depreciation is charged to the profit or loss on the straight line method at the rates specified in the note 18 to these financial statements so as to allocate the depreciable amount over its estimated useful life. Depreciation on additions to investment property is charged from the month in which a property is acquired or capitalized while no depreciation is charged for the month in which the property is disposed off.

The residual values and useful lives of investment property are reviewed at each reporting date and adjusted, if appropriate.

#### Impairment

The Company assesses at each reporting date whether there is any indication that an investment property may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying values exceed the respective recoverable amounts, assets are written down to their recoverable amounts and the resulting impairment loss is recognized in profit or loss statement. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. Where an impairment loss is recognized, the depreciation charge is adjusted in the future period to allocate the asset's revised carrying amount over its estimated useful life.

#### Disposal

The gain or loss on disposal of investment property, represented by the difference between the sale proceeds and the carrying amount of the asset is recognized as income or expense in the profit or loss.

#### For the year ended 30 June 2022

#### 6.4 Financial instruments

#### 6.4.1 Initial recognition and measurement

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

#### 6.4.2 Financial asset

#### Classification

On initial recognition, a financial asset is classified as measured at:

- Amortized cost;
- Fair value through other comprehensive income (FVOCI) Debt investment;
- Fair value through other comprehensive income (FVOCI) Equity investment; or
- Fair value through profit and loss (FVTPL).

The classification depends on the Company's business model for managing financial assets and the contractual terms of the financial assets cash flows.

#### Amortized cost

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### FVOCI - Debt investment

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### FVOCI - Equity investment

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in investment's fair value in Other comprehensive income. This election is made on an investment-by-investment basis.

#### **FVTPL**

All financial assets not classified as measured at amortized cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortized cost or at FVOCI as at FVTPL.

#### Subsequent measurement and derecognition

Financial assets are not reclassified subsequently to the initial recognition unless the Company changes its business model for managing financial assets in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

The financial assets classified at amortized cost are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses, if any. Interest income, foreign exchange gains and losses and impairment are recognized in profit or loss. Any gain or loss on derecognition is recognized in profit or loss.

Debt investments classified as FVOCI are subsequently measured at fair value. Interest income calculated using effective method, foreign exchange gain and losses and impairment are recognized in profit or loss. Other net gains and losses are recognized in OCI. On de-recognition, gains and losses accumulated in OCI are reclassified to profit or loss.

Equity investments classified as FVOCI are subsequently measured at fair value. Dividends are recognized as income in profit or loss, unless the dividend clearly represents a recovery of part of the cost of the investment, when the Company's right to receive payments is established. This category only includes equity instruments, which the Company intends to hold for the foreseeable future. On de-recognition, there is no reclassification of fair value gains and losses to profit or loss. Equity instruments at FVOCI are not subject to an impairment assessment under IFRS 9.

The financial assets classified at FVTPL are subsequently measured at fair value and net gains and losses, including any interest or dividend income, are recognized in profit or loss. Net gains and losses (unrealised and realised), including any interest or dividend income, are recognized in profit or loss.

#### Impairment of financial assets

The Company recognized a loss for "expected credit loss" (ECL) for financial assets measured at amortized cost, contract assets and debt investments at FVOCI, but not to investments in equity instruments. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive. The shortfall is then discounted at an approximation to the asset's original effective interest rate. The financial assets at amortized cost consist of trade receivables, cash and cash equivalents, and other receivables including loans to related party.

The Company applies the IFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables. Management uses actual historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment to determine lifetime expected loss allowance. For other debt financial assets (i.e., loans etc.), the ECL is based on the 12-month ECL. The 12-month ECL is the portion of lifetime ECLs that results from default events on a financial instrument that are possible within 12 months after the reporting date. However, when there has been a significant increase in credit risk since origination, the allowance will be based on the lifetime ECL. The Company considers that there has been a significant increase in credit risk when contractual payments are more than 30 days past due and a financial asset in default when contractual payment are 90 days past due.

#### Derivative financial instruments

The Company enters into derivative financial instruments, which include future contracts in stock market. Derivatives are initially recorded at fair value and are remeasured to fair value on subsequent reporting dates. The fair value of a derivative is equivalent to the unrealized gain or loss from marking to market the derivative using prevailing market rates. Derivatives with positive market values (unrealized gains) are included in other receivables and derivatives with negative market values (unrealized losses) are included in other liabilities in the unconsolidated statement of financial position. The resultant gains and losses from derivatives held for trading purposes are recognized in profit or loss. No derivative is designated as hedging instrument by the Company.

#### 6.4.3 Financial liabilities

#### Classification and subsequent measurement

The Company classifies its financial liabilities as those to be measured subsequently at amortized cost using the effective interest method, if they are not:

- contingent consideration of an acquirer in a business combination;
- held-for-trading; or
- designated as at FVTPL.

The Company does not classify any of its financial liabilities under FVTPL.

#### Derecognition

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognized in unconsolidated statement of profit or loss and other comprehensive income.

#### Offsetting

Financial assets and liabilities are offset and the net amount is presented in the statement of financial position when the Company has a legal right to offset the amounts and intends to settle on a net basis or to realize the asset and settle the liability simultaneously.

#### 6.5 Investments in subsidiaries

Investments in subsidiaries are stated at cost less accumulated impairment, if any.

#### 6.6 Investments in associates

Entities in which the Company has significant influence directly or indirectly (through subsidiaries) but not control and which are neither subsidiaries nor joint ventures of the members of the Company are associates. Investments in associates are stated at cost less accumulated impairment, if any.

#### 6.7 Non-current assets held for sale

Non-current assets or disposal groups comprising of assets or liabilities that are expected to be recovered primarily through sale rather than through continuing use, are classified as held for sale. Immediately before classification as held for sale, the assets or components of a disposal group, are remeasured at lower of their carrying amount and fair value less costs to sell.

#### 6.8 Stores, spares and loose tools

Stores, spares and loose tools are valued at lower of weighted average cost and net realizable value, less provision for impairment, if any. Items in transit are valued at cost comprising invoice value plus other charges incurred thereon less impairment if any.

Provision for obsolete and slow moving stores, spares and loose tools is determined based on management's estimate regarding their future usability and is charged to profit or loss.

Net realizable value signifies the estimated selling price in the ordinary course of business less the estimated costs necessary to be incurred to make the sale.

Spare parts of capital nature which can be used only in connection with an item of property, plant and equipment are classified as fixed assets under the 'plant and machinery' category and are depreciated over a time period not exceeding the useful life of the related assets.

#### 6.9 Stock-in-trade

Stock-in-trade is stated at the lower of cost less impairment loss, if any, and net realizable value. Cost is arrived at on a weighted average basis. Cost of work-in-process and finished goods include cost of materials and appropriate portion of production overheads. Net realizable value is the estimated selling price in the ordinary course of business less costs of completion and selling expenses. The cost of finished goods of Steel segment is assigned by using specific identification of their individual costs. Scrap stocks are valued at their estimated net realizable value.

#### 6.10 Trade debts and other receivables

Trade debts and other receivables are initially stated at fair value and subsequently measured at amortized cost less provisions for any uncollectible amounts. An estimate is made for doubtful receivables when collection of the amount is no longer probable. Debts considered irrecoverable are written off.

#### 6.11 Cash and cash equivalents

Cash and cash equivalents comprise of cash balances and call deposits. Bank overdrafts that are repayable on demand and form an integral part of the Company's cash management are included as a component of cash and cash equivalents for the purpose of statement of cash flows.

#### 6.12 Employee benefits

#### 6.12.1 Compensated absences

The Company accounts for all accumulated compensated absences when employees render services that increase their entitlement to future compensated absences. No acturial valuation of compensated absences is carried out as management considers its financial impact would be immaterial.

#### 6.12.2 Post retirement benefits

#### 6.12.2.1 Defined contribution plan - Provident fund

The Company operates a provident fund scheme for its permanent employees. Equal monthly contributions are made by the Company and its employees. Obligation for contributions to the fund are recognized as an expense in the profit or loss when they are due.

#### For the year ended 30 June 2022

#### Cotton segment

Provision and collection from employees are made at the rate of 6.25% of basic pay of Cotton segment employees. A trust has been established and its approval has been obtained from the Commissioner of Income Tax.

#### All employees except Cotton segment

Contributions to the fund are made at the rate of 8.33% of basic pay for those employees who have served the Company for a period of less than five years and after completion of five years, contributions are made at the rate of 10%.

#### 6.12.2.2 Defined benefit plans

#### Pension and gratuity fund schemes

The Company provides gratuity benefits to all its permanent eligible employees who have completed their minimum qualifying as per the terms of employment. The pension scheme provides life time pension to retired employees or to their spouses.

The Company's obligation is determined through actuarial valuations carried out under the "Projected Unit Credit Method". Remeasurements which comprise actuarial gains and losses and the return on plan assets (excluding interest) are recognized immediately in other comprehensive income. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contribution and benefit payments. Net interest expense, current service cost and any past service cost are recognized in profit or loss. Any assets resulting from this calculation is limited to the present value of available refunds or reductions in future contributions to the plan. The latest actuarial valuation was conducted at the reporting date by a qualified professional firm of actuaries.

#### 6.12.2.3 Staff benevolent fund

The Company has established staff benevolent fund as separate legal entity under the Trust Act, 1882 and registered under Income Tax Ordinance, 2001. The objective of this fund is to provide at the discretion of the trustees, post retirement medical cover / facilities for retired employees and other hardship cases of extraordinary nature of existing employees of the Company. Contributions to the fund are recognized as expense in the profit or less when they are incurred.

#### 6.13 Mark-up bearing borrowings

Mark-up bearing borrowings are recognized initially at fair value, less attributable transaction costs. Subsequent to initial recognition, mark-up bearing borrowings are stated at amortized cost with any difference between cost and redemption value being recognized in the profit or loss over the period of the borrowings on an effective interest basis.

#### 6.14 Leases liabilities

Lease are recognized as Right-of-use (RoU) asset and a lease liability at the lease commencement date except for short term or low value leases.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate.

The lease liability is subsequently increased by the interest cost on the lease liability and decreased by lease payment made. It is re-measured when there is a change in future lease payments arising from a change in an index or rate, a change in the estimate of the amount expected to be payable under a residual value guarantee, or as appropriate, changes in the assessment of whether a purchase or extension option is reasonably certain to be exercised or a termination option is reasonably certain not to be exercised.

For sale and lease back if the Company has obtained control of the underlying asset and the transfer is classified as a sale in accordance with IFRS 15 and measures a right-of-use asset arising from the leaseback as the proportion of the previous carrying amount of the asset that relates to the right-of-use retained. The gain (or loss) recognized is limited to the proportion of the total gain (or loss) that relates to the rights transferred.

If the consideration for the sale is not equal to the fair value of the asset, any resulting difference represents either a prepayment of lease payments (if the purchase price is below market terms) or an additional financing (if the purchase price is above market terms).

If the transfer is not a sale (that is, the Company does not obtain control of the asset in accordance with IFRS 15), it does not derecognize the transferred asset and accounts for the cash received as a financial liability.

#### 6.15 Asset held under Ijarah financing

Assets held under Ijarah financing are accounted for using the guidelines of Islamic Financial Accounting Standard - 2 (IFAS 2), "Ijarah" as issued by ICAP. The assets are not recognized on the Company's statement of financial position and payments made under Ijarah financing are recognized in profit or loss on a straight line basis over the term of the lease.

#### 6.16 Government grants

Government grants are transfers of resources to an entity by a government entity in return for compliance with certain past or future conditions related to the entity's operating activities. The definition of "Government" refers to Governments, Government agencies and similar bodies, whether local, national or international.

The Company recognizes government grants when there is reasonable assurance that grants will be received and the Company will be able to comply with conditions associated with grants.

Government grants are recognized at fair value, as deferred income, when there is reasonable assurance that the grants will be received and the Company will be able to comply with the conditions associated with the grants.

Grants that compensate the Company for expenses incurred, are recognized on a systematic basis in the income for the year in which the related expenses are recognized. Grants that compensate for the cost of an asset are recognized in income on a systematic basis over the expected useful life of the related asset.

A loan is initially recognized and subsequently measured in accordance with IFRS 9. Loans at below-market rates to be initially measured at their fair value - e.g. the present value of the expected future cash flows discounted at a market-related interest rate. The benefit that is the Government grant is measured as the difference between the fair value of the loan on initial recognition and the amount received, which is accounted for according to the nature of the grant.

#### 6.17 Taxation

#### Group taxation

The Parent company has opted for Group taxation under section 59AA of the Income Tax Ordinance, 2001 along with its subsidiary CS Capital (Private) Limited. These companies are taxed as one fiscal unit under this scheme. The current and deferred income taxes have been estimated on income of each of the companies according to the applicable law and are recognized by each company separately within the Group, regardless of who has the legal liability for settlement or the legal right for recovery of the tax. Any adjustments arising solely due to Group taxation in respect of result of the subsidiary is recognized in the Parent Company and the amounts paid to or receivable from the Parent company are adjusted accordingly.

#### Current

Provision for current taxation is based on taxable income at the current rates of taxation after taking into account tax credits and tax rebates available, if any, and contains impacts of group taxation as explained above.

#### Deferred

Deferred tax is provided using the balance sheet liability method, providing for temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities, using the rates that are expected to apply to the period when the differences reverse based on tax rates that have been enacted at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences. A deferred tax asset is recognized for all deductible differences, carry forward of unused tax credits and unused tax losses to the extent that it is probable that future taxable profits or taxable temporary difference will be available against which the asset can be utilized. Deferred tax asset is reduced to the extent that it is no longer probable that the related tax benefits will be realized.

#### 6.18 Revenue recognition

Revenue comprises of sales to third parties and is measured based on the consideration specified in contracts with customers and excludes rebates and amounts, if any, collected on behalf of third parties. Revenue is recognized either at a point in time or over time, when (or as) the Company satisfies the performance obligations as specified in the contract with the customer, and when it transfers control over the promised good or service to the customer.

The Company manufactures and contracts with customers for the sale of bare pipes, coated pipes, billets, cotton and electricity products which generally include single performance obligation. Management has concluded that revenue from sale of goods be recognized at the point in time when the control of the product has been transferred, being when the products are delivered to the customer. Invoices are generated and revenue is recognized at that point in time. Delivery occurs when the products have been shipped or delivered to the customer's destination / specific location, the risks of loss have been transferred to the customer and the customer has accepted the product. The customer has accepted the product as per the sales contract or lapse of acceptance provision specified in the contract or the Company has objective evidence that all criteria for acceptance have been satisfied. Contract for the sale of bare and coated pipes contains penalty clause on account

of delay in supply (liquiditated damages). Under IFRS 15, these amounts are referred to as 'variable consideration'. The consideration which the Company receives in exchange for its goods or services may be fixed or variable. Variable consideration is only recognized when it is highly probable that a significant reversal will not occur. Revenue is measured based on the consideration specified in a contract with a customer, net of liquidity damages (penalties) and excludes amounts collected on behalf of third parties. A receivable is recognized when the goods are delivered.

#### 6.19 Investment and other income

Interest income is recognized using the effective interest method.

Dividend income is recognized when the right to receive the same is established i.e. the book closure date of the investee company declaring the dividend.

Gains and losses on sale of investments are accounted for when the commitment (trade date) for sale of security is made.

Rental income (net of any incentives given to lessees) from investment property is recognized on a straight line basis over the lease term.

#### 6.20 Borrowing costs

Borrowing costs incurred on long term finances directly attributable for the construction / acquisition of qualifying assets are capitalized up to the date the respective assets are available for intended use. All other mark-up, interest and other related charges are recognized in profit or loss.

#### 6.21 Provisions

A provision is recognized in the unconsolidated statement of financial position when the Company has a legal or constructive obligation as a result of past events, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

#### 6.22 Impairment

The carrying amount of the Company's assets are reviewed at each reporting date to determine whether there is any objective evidence that an asset or group of assets may be impaired. If any such evidence exists, the asset's or group of assets' recoverable amount is estimated. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is the higher of value in use and fair value less cost to sell. Impairment losses are recognized in profit or loss.

#### 6.23 Foreign currency translation

Foreign currency transactions are translated into Pakistan Rupees at exchange rates prevailing on the date of transaction. Monetary assets and liabilities in foreign currencies are translated into Pakistan Rupees at the rates of exchange prevailing at the reporting date. Exchange differences, if any, are recognized in the profit or loss.

#### For the year ended 30 June 2022

#### 6.24 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting structure. Management monitors the operating results of its business units separately for the purpose of making decisions regarding resource allocation and performance assessment.

Segment capital expenditure is the total cost incurred during the period to acquire property, plant and equipment and intangible assets. Transactions between reportable segments are reported at cost.

#### 6.25 Proposed dividend and transfer between reserves

Dividend distributions to the Company's shareholders are recognized as a liability in the period in which dividends are approved. Transfer between reserves made subsequent to the reporting date is considered as a non-adjusting event and is recognized in the period in which such transfers are made.

#### 6.26 Earnings per share

The Company presents earnings per share (EPS) for its ordinary shares. EPS is calculated by dividing profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

#### 6.27 Contingencies

Contingencies are disclosed when the Company has possible obligation that arises from past event and whose existence will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of entity, or a present obligation that arises from past event but is not recognized because it is not probable that an outflow of resourses embodying economic benefit will be required to settle the obligation or, when amount of obligation cannot be measured with sufficient reliability.

During the year, 2 tranches were received, one in July 2021 and one in December 2021. The tranches received in March 2021 were converted into the State Bank of Pakistan's (SBP) "SBP Financing Scheme for Renewable Energy" in the month of April 2021, remaining all tranches were converted during the year. The term of the loan is 10 years from the date of disbursement with a grace period of 3 months, repayable in monthly installments starting from June 2021. Mark-up is payable at the rate of 1 month KIBOR plus 1% per annum till approval of refinance from the SBP and after approval form the SBP, mark-up is payable at the concessional rate of 6% per annum.

The effective interest on such arrangement was 8.49% (2021: 8.49%) per annum.

9.4 The benefit of subsidized loans under notes 9.2 and 9.3 has been recognized as deferred income under note 11.

10.1 The Company has entered into lease arrangements with leasing companies for lease of plant and machinery and motor vehicles. The lease term of these arrangements is from three to five years (2021: three to five years) and the liability is payable by the month ranging from six to sixty months (2021: six to sixty months). The periodic lease payments include built-in rates of mark-up ranging between 11.51% to 18.87% (2021: 6.16% to 17.6%) per annum. Included in the gross present value of minimum lease payments, is a sum aggregating Rs. 71.715 million (2021: Rs. 98.342 million) which pertains to obligations arising from sale and leaseback of assets.

The Company intends to exercise its options to purchase the leased assets upon completion of the lease term. The Company's obligations under these arrangements are secured by the lessor's title to the leased assets.

12.3.1 This relates to amount recognized on account of infrastructure fee / cess levied by the Government of Sindh (GoS) through the Sindh Finance Act, 1994, and its subsequent versions including the Sindh Development and Maintenance of Infrastructure Cess Act, 2017 (the Act). The Act validates the fees / cess levied through the earlier versions of the law and continues the levy.

The Company contested this issue of levy and charging of fee / cess in the Sindh High Court (SHC) where the appeal was partly accepted and it was held in judgment dated 15 September 2008 that the levy and collection of infrastructure fee prior to 28 December 2006 was illegal and ultra vires and after that it is legal. The Company filed an appeal in the Supreme Court of Pakistan (SCP) against this judgment. Additionally, the GoS also filed appeal against the part of judgment decided against them.

The above appeals were disposed of in May 2011 with a joint statement of the parties that, during the pendency of the appeal, another law (a new version) came into existence which was not subject matter in the appeal. Therefore, the decision thereon be first obtained from the SHC before approaching the SCP with the right to appeal. Accordingly, a petition was filed in the SHC in respect of the above view. During the pendency of the appeal, an interim arrangement was agreed whereby bank guarantee furnished for consignments cleared up to 27 December 2006 were returned. Bank guarantees were furnished for 50% of the levy on the consignments released subsequent to 28 December 2006 while payment was made against the balance 50% amount.

After promulgation of the Act, 2017, the Company instituted legal proceedings against the levy in the SHC, where interim stay was granted on similar terms of payment of 50% of the amount of cess to the GoS and on furnishing of bank guarantees for remaining 50%. Under the arrangement if the Company succeeded in the petition, GoS would refund the amount subject to their right to appeal before SCP.

The petitions pending against all the versions of this law have been decided by the SHC by a consolidated judgment dated 4 June 2021 whereby the SHC has declared that the first four versions of the law upto the Sindh Finance (Second Amendment) Ordinance, 2001, were illegal and ultra vires as also held in the 2008 judgement of the SHC, to the extent of the petitioners who had litigated and were appellants in the earlier round for whom the applicability has attained finality and is a past and closed transaction. The 2021 judgement has validated the recovery of cess / fee effective from 28 December 2006, through the subsequent versions of the law.

The company has filed appeal in the SCP which has allowed stay conditional on settlement of due levy during the interim period through bank guarantees equivalent to the amount of levy. However, the management has decided to continue the previous practice of providing 50% guarantees and 50% payment after consultation with legal counsel.

Till 30 June 2022, the Company has provided bank guarantees amounting to Rs. 183.04 million (2021: Rs. 166.54 million) in favour of Excise and Taxation Department, GoS.

Amount charged for the year has been estimated on the value of imports during the year and forms a component of cost of such imported raw materials. Any subsequent adjustment with respect to increase or decrease in the estimate has been recognized in the profit or loss. On a prudent basis, provision has been recognized in this respect in these financial statements.

- 12.3.2 These have been made against long outstanding sales tax claims with the sales tax department.
- 12.3.3 The provision has been recognized on account of liquidated damages on delayed supply of bare pipes and coated pipes during the year. On a prudent basis full provision has been recognized.

These facilities are secured by way of mortgage of land and building, hypothecation of plant and machinery, stock-in-trade, trade debts and other current assets, pledge of shares (refer note 27.2.2), and lien over import / export documents. Further, these facilities (refer notes 14.1 to 14.3) are also secured against pledged of shares owned by CS Capital (Private) Limited subsidiary company.

#### 15. CONTINGENCIES AND COMMITMENTS

- 15.1 Contingencies
- 15.1.1 During 2014-2015, a show cause notice was issued by the Deputy Director, Directorate of Post Clearance Audit (Customs) Karachi for payment of duties and taxes on import of certain raw materials. In response the Company had contested that the said imports were exempt under bilateral agreement between Government of Pakistan and Government of Japan for projects under grant and accordingly these were cleared by the customs. However, the collector customs issued an order dated 22 May 2015 for recovery of the said duty and taxes and penalty thereon amounting to Rs. 35.773 million. The Company has filed an appeal with Appellate Tribunal (Customs) against the order. No provision has been recognized in these financial statements as the case is under appeal and management considers that the same would be decided in the Company's favour.
- 15.1.2 During 2015-2016, a show cause notice was received from Sindh Revenue Board (SRB) in respect of registration as a service provider and a demand aggregating to Rs. 60 million in respect of sales tax on services was raised thereby. The Company filed a constitutional writ in the SHC against the SRB and GoS in which SHC granted interim relief to the Company.

Subsequently, the writ was decided in light of SCP's orders in similar writs where SCP had decreed for a 50% payment of tax demand in order to keep the writs maintainable.

Following closure of petition, the Company received show cause notices and demands for Sindh Sales Tax payments amounting to Rs. 79 million, which were challenged in SHC in a civil suit as well as at the Appellate forums of the tax authority, where the cases are pending adjudication.

No provision has been recognized in these financial statements in this respect, since based on the opinions of tax consultant and the Company's legal counsel, the management is confident of favorable outcome of litigation in relation to the said matter.

- 21.2 The accumulated tax losses and excess minimum tax over normal tax of the Company as at 30 June 2022 aggregated Rs. 2,307.557 million (2021: 2,083.728 million) in respect of which the Company has recognized deferred tax asset amounting to Rs. 952.099 million (2021: Rs. 604.281 million). The existing unutilised tax loss mainly attributable to tax depreciation which can be utilised for an indefinite period and unadjusted business losses which can be utilised for maximum six years against future taxable profits. The Company carries out periodic assessment to determine the benefit of the loss and minumum tax that the Company would be able to set off against the taxable profits and tax liability in future years. The amount of this benefit has been determined based on the projected taxable profits of the Company for future years and the expected applicable tax rate. The determination of projected taxable profits are most sensitive to key assumptions such as volume of bare pipe sales and availability of uninterrupted electricity connection for billet segment throughout the year.
- 21.3 In accordance with the Finance Act, 2022 super tax at the rate of 4% for tax year 2022 and onwards has been imposed on the Company in addition to the corporate tax rate of 29% upto 30 June 2021. Accordingly the Company has recorded deferred tax at 33%.

27.2.3 This represents investment in ordinary shares of listed companies and units of mutual funds. Under IAS 39, these were classified as held for trading whereas under IFRS 9 these have been classified and held as FVTPL. This also includes investment in Jubilee Spinning and Weaving Mills Limited and Innovative Investment Bank Limited, which had been fully provided for as the break-up value of their shares was Rs. Nil per share (2021: Rs. Nil). Under IAS 39, these were classified as available for sale and reclassified to FVTPL on initial application of IFRS 9 as management has not designated it as FVOCI.

## For the year ended 30 June 2022

#### 28.2 Sales tax refundable

- 28.2.1 This includes payment made to Punjab Revenue Aurthority (PRA) against order received for non withholding of Punjab sales tax on services and its deposit with Punjab Revenue Authority. Currently, the appeal is pending adjudication at the Appellate Tribunal Inland Revenue PRA. After consultation with legal advisor, the management considers that the appeal would be decided in the Company's favour.
- 28.2.2 During the year ended 30 June 2020, order under section 11 of the Sales Tax Act, 1990 has been issued through which a demand of Rs. 1.83 million was raised in respect of alleged short deposit of sales tax to Hadeed (Billet) Division [before amalgamation, it was Crescent Hadeed (Private) Limited)]. An appeal was preferred with the Comissioner Appeals which was decided in the Company's favour; however, an appeal against the order of the Comissioner Appeals has been filed by the Tax Department at the Appellate Tribunal which is pending adjudication.
- 28.2.3 During the year ended 30 June 2021, sales tax audit under section 11 of the Sales Tax Act, 1990 has been conducted and order raising demand of Rs. 1.01 million has been issued in respect of Hadeed (Billet) Division [before amalgamation, it was Crescent Hadeed (Private) Limited)]. An appeal has been preferred with the Comissioner Appeals which is pending adjudication.
- 28.2.4 During the year ended 30 June 2021, orders have been issued under the Sales Tax Act, 1990, where demands aggregating Rs. 0.828 million have been raised in respect of Hadeed (Billet) Division [(before amalgamation, it was Crescent Hadeed (Private) Limited)]. Appeals were preferred with the Comissioner Appeals which were decided partly in our favour and partly in the department's favour. Further appeals have been filed at the tribunal by both parties which are pending adjudication.

- 29.1 The income tax assessments of the Company have been finalized up to and including Tax Year 2021, except for pending appeal effect orders in respect of tax years 2002 and 2003. Deemed assessments for certain tax years have been amended by the department on account of various issues as explained below:
  - (a) Income tax assessment for Tax Year 2006 has been amended by the Additional Commissioner Inland Revenue (ACIR) by making amendments to reassess loss from Rs 410.588 million to Rs 296.866 million. The Company being dissatisfied, contested the same before Commissioner Inland Reveue Appeals (CIRA), filed an appeal before Appellate Tribunal Inland Revenue which dismissed the appeal in entirety. Department has now filed case in the Lahore High Court (LHC) challenging the tribunal's decision, which pending to be heard.
  - (b) Income tax assessments of the Company for the Tax Years 2013 and 2016 have been amended by the Commissioner Inland Revenue (CIR) whereby, tax demands of Rs. 95.94 million and Rs. 143.8 million have been raised respectively. Appeals had been preferred with the Commissioner Appeals where most of the issues were decided in favour of the Company whereas for remaining issues, appeals were preferred before the Appellate Tribunal Inland Revenue by both FBR and the Company. Company's appeals have been decided in our favour by the tribunal. Department

has filed references in Lahore High Court against the decsions of Apellate Tribunal in respect of both years. A cross appeal in Tax Year 2016 was filed by the tax department at the ATIR which awaits adjudication.

- (c) The Additional Commissioner Inland Revenue amended the deemed assessment of the Company for Tax Year 2009 and Tax Year 2011 thereby raising demands of Rs. 4.937 million and Rs. 22.218 million, respectively. The Company filed appeals with the Commissioner Inland Revenue (appeals) in which majority of the issues were decided in the Company's favour in case of Tax Year 2009 and the case was remanded back to the assessing officer for Tax Year 2011. The Company filed appeal with the Appellate Tribunal for Tax Year 2009 which is pending adjudication where as for Tax Year 2011, set aside proceedings have been initiated which have been duly responded to.
- (d) Orders under section 161/205 of the Income Tax Ordinance 2001 have been issued by the Assistant Commissioner Inland Revenue, whereby demand aggregating to Rs. 8.691 million (inclusive of default surcharge) has been raised in respect of tax year 2014 and Rs. 5.794 million in respect of tax year 2010. Majority of the matters have decided in favour of the company at the Commissioner (Appeals) level, whereas appeals have been preferred in Appellate Tribunal Inland Revenue for remaining issues.
- (e) During the year ended 30 June 2021, order under section 122(5A) has been passed by the Commissioner Inland Revenue in respect of Crescent Hadeed (Private) Limited (previously wholly owned subsidiary - now amalgamated with and into the Company) where expenses to the tune of Rs. 9.5 million have been disallowed. Appeal was preferred with the Commissioner Appeals which was decided against the company. The company has now preferred appeal with the ATIR which is pending adjudication.
- (f) During the year ended 30 June 2018, Orders under section 161/205 of the Income Tax Ordinance 2001 have been issued by the Assistant Commissioner Inland Revenue, whereby demand aggregating to Rs. 4.253 million (inclusive of default surcharge) has been raised in respect of tax year 2017. Appeal was preferred with the Commissioner Inland Revenue Appeals where majority of issues were decided in company's favour along with rectification of original order. Appeal has been preferred with the Appellate Tribunal Inland Revenue for remaining issues which is pending adjudication.
- (g) Order in respect of Crescent Hadeed (Private) Limited (previously wholly owned subsidiary now amalgamated with and into the Company) for the tax year 2017 under section 214D of the Income Tax Ordinance, 2001 was issued whereby tax demand of Rs. 27.31 million was raised against the company. The order was challenged at the Commissioner Appeals where the appeal was rejected. The Company has now preferred an appeal with the ATIR which is pending adjudication.
- (h) During the year ended 30 June 2021, Orders under section 161/205 of the Income Tax Ordinance 2001 were issued by the Assistant Commissioner Inland Revenue in respect of Tax Years 2016 through 2019 whereby demands aggregating Rs. 1 million (approximately) were raised for CS Energy (Private) Limited (previously wholly owned subsidiary now amalgamated with and into the Company). Associated expense has been recognized accordingly in these financial statements.

No provision has been made in these financial statements in respect of demands raised by tax authorities for tax years as mentioned above, since based on the tax consultant's opinion the management is confident of favourable outcome of these appeals.

The actuary of the Company has assessed that present value of future refunds or reduction in future contribution is not lower than receivable from pension and gratuity funds recorded by the Company.

#### 44.2 Defined contribution plan

The Company has set up provident fund for its permanent employees. The total charge against provident fund for the year ended 30 June 2022 was Rs. 13.147 million (2021: Rs. 11.816 million). Reporting year end of Provident Fund Financial Statements is 31 December and 30 June for Steel & IID Division, and Cotton & Hadeed Division, respectively.

The investments out of the provident funds have been made in accordance with the provisions of Section 218 of the Companies Act, 2017 and the conditions specified there under.

#### **45. FINANCIAL RISK MANAGEMENT**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Fair value measurements using quoted (unadjusted) in active markets for identical asset or liability.
- Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Fair value measurements using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

For the year ended 30 June 2022

#### 45. FINANCIAL RISK MANAGEMENT (continued)

Investment property fair values have been determined by professional valuers (level 3 measurement) based on their assessment of the market values as disclosed in note 18.2. The valuations are conducted by the valuation experts appointed by the Company. The valuation experts used a market based approach to arrive at the fair value of the Company's investment properties. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty, accordingly a qualitative disclosure of sensitivity has not been presented in these financial statements.

#### 45.1 Valuation techniques and significant unobservable inputs

The following table shows the valuation techniques used by professional valuers in measuring Level 3 fair values at 30 June 2022 for unquoted equity investment measured at fair value in the statement of financial position, as well as the significant unobservable inputs used.

#### Sensitivity Analysis

For the fair value of unquoted equity investment, reasonably possible changes at 30 June 2022 to one of the significant unobservable inputs, holding other inputs constant, would have the following effects.

|  | Prof     | it or loss |
|--|----------|------------|
| Rupees in '000                               | Increase | Decrease   |

| - Weighted Average Cost of Capital (100 bps) | (29,048) | 33,603     |

#### Transfer out of level 3

As at 30 June 2022, FVTPL unlisted equity security with a carrying amount of Rs. 206.25 million was transferred from level 3 to level 2 because of recent transactions for sale / purchase of share by other shareholders. Although the price is not quoted in active market, the sale / purchase transactions were reported to Pakistan Stock Exchange (PSX). Therefore, it was used as level 2 fair value measurement.

#### **46. FINANCIAL INSTRUMENTS**

The Company has exposure to the following risks from its use of financial instruments

- Credit risk
- Liquidity risk
- Market risk

The Board of Directors has overall responsibility for the establishment and oversight of Company's risk management framework. The Board of Directors is also responsible for developing and monitoring the Company's risk management policies.

## For the year ended 30 June 2022

#### 46.1 Credit risk

Credit risk represents the financial loss that would be recognized at the reporting date if counterparties fail completely to perform as contracted / fail to discharge an obligation / commitment that it has entered into with the Company. It arises principally from trade receivables, bank balances, security deposits, mark-up accrued and investment in debt securities.

The carrying amount of financial assets represents the maximum credit exposure before any credit enhancements. The maximum exposure to credit risk at the reporting date is as follows:

| Rupees in '000     | 2022    | 2021    |
|--------------------|---------|---------|
|                    |         | _       |
| Deposits           | 44,348  | 302,733 |
| Trade debts        | 175,214 | 137,073 |
| Loan to subsidiary | 96,793  | 94,208  |
| Other receivables  | 40,694  | 37,653  |
| Bank balances      | 6,180   | 3,588   |
|                    | 363,229 | 575,255 |

#### Trade and receivables

To manage exposure to credit risk in respect of trade and other receivables, management performs credit reviews taking into account the customer's financial position, past experience and other factors. Sales tenders and credit terms are approved by the tender approval committee. Where considered necessary, advance payments are obtained from certain parties. Sales of steel segment made to major customers are secured through letters of credit. The management has set a maximum credit period of 15 days in respect of Cotton segment's sales to reduce the credit risk.

All the trade debtors at the reporting date represent domestic parties.

The maximum exposure to credit risk before any credit enhancements for trade debts at the reporting date by type of customer was as follows:

| Rupees in '000  | 2022    | 2021    |
|---|---------|---------|
|   |         |         |
| Steel segment   | 81,044  | 67,015  |
| Cotton segment  | 4,296   | 12,981  |
| Energy segment  | 4,636   | 41,083  |
| Hadeed (Billet) segment   | 85,238  | 15,994  |
|   | 175,214 | 137,073 |
| The aging of trade debts at the balance sheet date is  Not past due | 38,937  | 35,697  |
| Past due 1 - 30 days  | 81,878  | 50,682  |
| Past due 30 - 180 days  | 34,915  | 6,802   |
| Past due 180 days   | 39,037  | 67,106  |
|   | 194,767 | 160,287 |
| Less: Impaired  | 19,553  | 23,214  |
|   | 175,214 | 137,073 |

The movement in the allowance for impairment in respect of trade debts and advances is given in note 24.3 and note 25 respectively.

The expected loss rates are based on the payment profiles of sales over a period of 60 month before 30 June 2022 and the corresponding historical credit losses experienced within this period. The historical loss rate are adjusted to reflect current and forward looking information on macroeconomic factors affecting the ability of the customers to settle the receivables. The Company has identified the GDP and the unemployment rate of Pakistan in which it sells its goods and services to be the most relevant factors, and accordingly adjusts the historical loss rates based on expected changes in these factors.

The Company applies the IFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables. Management uses actual historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment to determine lifetime expected loss allowance.

Loss rates are based on actual credit loss experience over the past five years. These rates are multiplied by scalar factors to reflect differences between economic conditions during the period over which the historical data has been collected, current conditions and Company's view of economic conditions over the expected lives of the trade debts.

Based on past experience the management believes that no impairment allowance is necessary, except mentioned above, in respect of trade debts past due as some receivables have been recovered subsequent to the year end and for other receivables there are reasonable grounds to believe that the amounts will be recovered in short course of time.

#### Settlement risk

All investing transactions are settled / paid for upon delivery as per the advice of investment committee. The Company's policy is to enter into financial instrument contract by following internal guidelines such as approving counterparties and approving credits.

#### Bank balances

The Company kept its surplus funds with banks having good credit rating. Currently, the surplus funds are kept with banks having rating from AAA to A-1.

The credit quality of the Company's investment in units of mutual funds can be assessed with reference to external credit rankings as follows:

|                         | Rankings   |           | Ranking | nking <b>2022</b> |           |

#### Deposits

The Company has provided security deposits and retention money as per the contractual terms with counter parties as security and does not expect material loss against those deposits retention money.

### For the year ended 30 June 2022

#### Investment in debt securities

Credit risk arising on debt securities is mitigated by investing principally in investment grade rated instruments. Where the investment is considered doubtful a provision is created there against. The Company does not have debt security at reporting date.

#### Concentration of credit risk

Concentration of credit risk arises when a number of counter parties are engaged in similar business activities or have similar economic features that would cause their abilities to meet contractual obligation to be similarly effected by the changes in economic, political or other conditions. The Company believes that it is not exposed to major concentration of credit risk.

#### 46.2 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting its obligation arising from financial liabilities that are settled by delivering cash or another financial asset or that such obligation will have to be settled in a manner disadvantageous to the Company. The Company is not materially exposed to liquidity risk as substantially all obligation / commitments of the Company are short term in nature and are restricted to the extent of available liquidity. In addition, the Company has obtained running finance facilities from various commercial banks to meet the short term liquidity commitments, if any.

The following are the contractual maturities of the financial liabilities, including estimated interest payments:

#### 46.3 Market risk

Market risk is the risk that changes in market price, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The Investment Committee monitors the portfolio of its investments and adjust the portfolio in light of changing circumstances.

#### 46.3.1 Currency risk

The Company is exposed to currency risk on import of raw materials, stores and spares and export of goods denominated in US Dollars (USD) and Euros. The Company's exposure to foreign currency risk for these currencies is as follows:

|                               |           | 2022   |
|-------------------------------|-----------|--------|
| Rupees in '000                | USD       | Euro   |
|                               |           |        |
| Foreign creditors             | _         | _      |
| Outstanding letters of credit | 1,243,850 | 68,064 |
| Net exposure                  | 1,243,850 | 68,064 |
|                               |           | 2021   |
| Rupees in '000                | USD       | Euro   |
| Foreign creditors             | _         |        |
| Outstanding letters of credit | 5,465,635 | 21,060 |
| Net exposure                  | 5,465,635 | 21,060 |

The following significant exchange rate has been applied:

|             | Avera  | ge rate | Reporting date rate |        |  |
|-------------|--------|---------|---------------------|--------|--|
|             | 2022   | 2021    | 2022                | 2021   |  |
|             |        |         |                     |        |  |
| USD to PKR  | 178.93 | 160.30  | 204.85              | 157.54 |  |
| Euro to PKR | 236.35 | 191.13  | 213.81              | 187.27 |  |

#### Sensitivity analysis

At the reporting date, if the PKR had strengthened by 10% against the USD and Euro with all other variables held constant, post-tax profit for the year would have been higher by the amount shown below, mainly as a result of net foreign exchange gain on translation of foreign creditors.

#### Effect on profit or loss

| Rupees in '000 | 2022   | 2021   |
|----------------|--------|--------|
|                |        |        |
| USD            | 22,257 | 87,614 |
| Euro           | 1,609  | 403    |
|                | 23,866 | 88,017 |

The weakening of the PKR against USD and Euro would have had an equal but opposite impact on the post tax profits.

The sensitivity analysis prepared is not necessarily indicative of the effects on profit for the year and assets / liabilities of the Company.

#### For the year ended 30 June 2022

#### 46.3.2 Interest rate risk

At the reporting date, the interest rate profile of the Company's significant interest bearing financial instruments was as follows:

|                            | 2022          | 2021               | 2022             | 2021      |  |

|                            | (Per          | rcentage)          | (Rupees in '000) |           |  |
|                            |               |                    |                  |           |  |
| Financial liabilities      |               |                    |                  |           |  |
| Variable rate instruments: |               |                    |                  |           |  |
| Long term loans            | 8.49 - 15.16  | 8.19 - 10.16       | 163,167          | 286,714   |  |
| Lease Liabilities          | 11.51 - 18.87 | 6.16 - 17.6        | 88,981           | 110,923   |  |
| Short term borrowings      | 8.31 - 16.31  | 8.12 - 10.54       | 812,647          | 1,514,927 |  |

#### Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

#### Cash flow sensitivity analysis for variable rate instruments

A change of 100 basis points in interest rates at the reporting date would have decreased / (increased) profit for the year by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency rates, remain constant. The analysis is performed on the same basis for 2021.

|   | Profit a<br>100 |          |
|---|-----------------|----------|
| Rupees in '000  | Increase        | Decrease |
|   |                 |          |
| As at 30 June 2022  |                 |          |
| Cash flow sensitivity - Variable rate financial liabilities | (10,648)        | 10,648   |
|   |                 |          |
| As at 30 June 2021  |                 |          |
| Cash flow sensitivity - Variable rate financial liabilities | (19,126)        | 19,126   |

The sensitivity analysis prepared is not necessarily indicative of the effects on profit for the year and assets / liabilities of the Company.

#### 46.3.3 Other price risk

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk). Other price risk arises from the Company's investment in units of mutual funds and ordinary shares of listed companies. To manage its price risk arising from aforesaid investments, the Company diversifies its portfolio and continuously monitors developments in equity markets. In addition the Company actively monitors the key factors that affect stock price movement.

A 10% increase / decrease in redemption and share prices at year end would have decreased / increased the Company's gain / loss in case of Fair value through profit or loss and increase / decrease surplus on re-measurement of investments in case of Fair Value through other comprehensive income investments as follows:

| Rupees in '000        | 2022   | 2021   |
|-----------------------|--------|--------|
|                       |        |        |
| Effect on profit      | 41,923 | 22,189 |
| Effect on equity      | 1,017  | 1,299  |
| Effect on investments | 42,940 | 23,488 |

The sensitivity analysis prepared is not necessarily indicative of the effects on profit for the year and assets / liabilities of the Company.

#### 49. CAPITAL RISK MANAGEMENT

The Company's prime objective when managing capital is to safeguard its ability to continue as a going concern in order to provide adequate returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. The Company's overall strategy remains unchanged from year 2021.

The Company manages its capital structure and makes adjustments to it in the light of changes in economic conditions. To maintain or adjust the capital structure, the Company may adjust the dividend payments to shareholders or issue new shares. The management seeks to maintain a balance between higher returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position.

The Company finances its operations through equity, borrowings and management of working capital with a view to maintaining an appropriate mix between various sources of finance to minimize risk.

The Company is not subject to any externally imposed capital requirements.

The Company monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total debt less cash and bank balances. Total capital is calculated as equity as shown in the balance sheet plus net debt.

### For the year ended 30 June 2022

#### 49.1 Gearing ratio

The gearing ratio at end of the year is calculated as follows

| Rupees in '000               | Note   | 2022      | 2021      |
|------------------------------|--------|-----------|-----------|
|                              |        |           |           |
| Total debt                   | 49.1.1 | 1,064,795 | 1,912,564 |
| Less: Cash and bank balances |        | 6,670     | 3,953     |
| Net debt                     |        | 1,058,125 | 1,908,611 |
|                              |        |           |           |
| Total equity                 | 49.1.2 | 6,098,411 | 5,970,824 |
| Total capital                |        | 7,156,536 | 7,879,435 |
|                              |        |           |           |
| Gearing ratio                |        | 14.8%     | 24.2%     |

49.1.1 Total debt is defined as long term, lease liabilities and short term borrowings (excluding derivatives), as described in notes 9, 10 and 14 to these unconsolidated financial statements.

49.1.2 Total equity includes issued, subscribed and paid-up capital and reserves.

#### 50. PLANT CAPACITY AND PRODUCTION

#### 50.1 Steel segment

#### Pipe plant

The plant's installed / rated capacity for production based on single shift is 66,667 tons (2021: 66,667 tons) annually on the basis of notional pipe size (Where as the notional pipe size is taken as 30" dia  $\times$  ½" thickness for SP1600 and 40"dia  $\times$  5/8" thickness for SP 2003). The actual production achieved during the year was 5,082 tons (2021: 15,400 tons) line pipes of varied sizes and thickness. Actual production is equivalent to 28,205 tons (2021: 52,113 tons) when translated to the notional pipe size of 30" diameter. Reason for underutilization was delay in materialization of orders for different projects.

#### Coating plant

The coating plant has a capacity of shot blasting and coating of line pipes with single layer FBE and multilayer polyolefin coatings on pipe sizes ranging from 114 mm to 1,524 mm outside diameter, which is being upgraded to coat pipe sizes up to 2134 mm.

The annual capacity of the plant works out to 600,000 square meters outside surface area of line pipes based on notional size of 14" dia on single shift working. Coating of 95,377 meters (2021: 30,451 meters) of different diameter pipes and 96,677 square meters surface area was achieved during the year (2021: 23,138 square meters surface area). Reason for underutilization was lack of coating work orders in hand.

#### 50.2 Cotton segment

#### Spinning unit 1

The plant capacity converted to 20s count polyester cotton yarn based on three shifts per day for 1,092 shifts is 9,197,007 kilogram (2021: 9,197,007 kilograms). Actual production converted into 20s count was 8,546,895 kilograms for 1,092 shifts (2021: 8,790,199 kilograms for 921 shifts).

#### 50.3 Energy segment

The plant's installed production capacity was 118,856 MWh (2021: 118,856 MWh) and the actual production achieved during the year was 23,679 MWh (2021: 26,207 MWh). Reason for underutilization was that no power was supplied to FESCO and power generation was restricted to actual demand of the two customers, Hadeed (Billet) segment (internal customer) and Shakarganj Limited (external customer).

#### 50.4 Hadeed segment

The designed capacity of Plant is 85,000 mtons (2021: 85,000 mtons) of billets per annum, but the total production during FY21-22 was 17,707.08 mtons (2021: 20,949.62 mtons) of billets. Unit operated only for about five months on self-generated (Inter division) power supply that was only commpatible during crushing season of three months and two months on bagasse (purchased) on off and on basis. Production was suspended for rest eight months period because of no alternative power supply arranagments.
